### TERRIBLE RAILROAD ACCIDENT.

Seven Persons Perish by the Explosion of a Car-load of Dynamite.

A CAR-LOAD of dynamite and one of giant powder blew up a train of freight-cars at Locust Gap, Pa., causing the loss of seven lives and injuring about twenty-five persons, three of whom will die. Twenty-one houses were demolished and glass was shattered for miles around. The scene presented an appalling sight, the debris of the freight-cars and the houses, together with here and there little heaps of ashes and charred remains of the dead, disclosing a frightful picture. So great was the upward force of the exploding dynamite that the wheels and axles of the cars were thrown a distance of two hundred yards, and one axle fell through the roof of one of the houses on the lower street on the hill above. Traces of the debris may be found a quarter of a mile away. One of the train men was blown several rods, but was not badly injured. Loss, \$75,000.

The hailstones were flat and oval in shape and some of them weighed as much as two pounds. At Fatehabad, in Bengal, twenty persons were killed, 200 severely injured and 2,000 houses were destroyed by hailstones.

Condensed Dispatches.

WILLIAM McCue, on trial at Wilkesbarre, Pa., for the murder of Thomas Brennan, has been found guilty of murder in the second degree.

NORMAN McDONALD, of Cape Breton, the last known survivor of the battle of Waterloo, in which he fought under Wellington, has just died at the age of 110. He emigrated to Nova Scotia in 1854.

An express package containing \$41,000 in currency, shipped by the American Exchange Bank of New York to the Treasury in Washington, was found to have been strangely converted into brown paper by the time it reached its destination.

JOHN DEAN was murdered at Helena, M. T., in 1874. His slayer has remained undetected. Mrs. M. A. Eckert, an old resident, died recently, and before her demise confessed to her nurse how the crime was committed.

### THEY ALMOST FOUGHT.

Congressmen Brunson and Bryce Nearly Come to Blows in the House.

THERE was a scene of excitement in the House on the 5th inst., after Mr. Woodburn, of Nebraska, had closed his remarks on the tariff bill. He had incidentally remarked that Abraham Lincoln, of New York, had apologized to the British minister for having advocated a resolution before the Forty-eighth Congress in regard to the judicial power of Bryce, of New York, slapping his finger at Woodburn, and the statement as to Lincoln was false from beginning to end, and it was not true that Bryce was standing in the main aisle near Mr. Brunson of Pennsylvania. The latter, shaking his fist at Bryce, and with his finger pointed to the fact on the floor of the House and apologized for it and said that if Bryce denied it he said want to know. Bryce said it was cowardly to assault a man in his absence. The two men were standing within arms' length and shaking their fists at each other so threateningly it was expected that they would come to blows. "In this Senate of the United States," quipped Mr. Hopkins of Illinois, in an information-seeking hour, which set the House in a roar and which poured oil upon the troubled waters, for in a few moments Mr. Bryce and Mr. Brunson were seated together and talking amicably.

### THE EASTERN STATES.

THE New York Commandery of the Loyal Legion elected Gen. Schofield Commander.

THE Massachusetts Supreme Court has denied a rehearing of the case of Mrs. Sarah J. Robinson, the Somerville poisoner convicted of the murder of Arthur Freeman, her brother-in-law. This means that Mrs. Robinson must hang unless the Governor and his council commute the sentence to imprisonment.

THE experience of the New York elevated railroad as defendants in damage suits emphasizes the importance of securing right of

way either by purchase, lease, or condemnation proceedings. Large sums of money are being quickly paid out by the Manhattan street in settlement of claims, as recent decisions of the courts establish the fact that damages can be collected for loss of rental to buildings in the past and in the future, and for all damage to the property itself, besides punitive damages for trespass in the original invasion of the streets.

THE strike at the Elgar Thompson Steel Works at Braddock, Pa., has been declared off by the Knights of Labor.

### THE WESTERN STATES.

WILLIAM GARLAND, of Lafayette, Ind., one of the oldest hardware merchants in that State, has made an assignment. His assets are \$7,000; liabilities unknown.

A STORM of wind struck the little village of Lacona, in Warren County, Iowa, demolishing a two-story building used as a store and burying in the ruins a farmer—Leonard Wilson. He was dead when found among the ruins. Two other men were slightly injured. Several buildings were roofed.

A CHARTER has been filed at Topeka, Kan., for "The Farmers' Federation of the Mississippi Valley," the farmers' trust. The capital stock is \$20,000,000, with shares at \$1 each. The charter is signed by citizens of fourteen States and five Territories.

HOOVER & ALLISON, merchants of Xenia, Ohio, have failed, with liabilities of \$200,000 and assets of \$300,000. The Second National Bank of the same place, which held considerable of the paper, was forced to suspend.

ALLAN O. MITCHELL has been convicted at Columbus, Ohio, of contempt of court, in publishing objectionable articles during the tally-sheet forgery cases. He was fined \$300 and sentenced to three months' imprisonment. An appeal was taken.

ON the farm of the Widow Freese, near Arlington, Neb., occurred a horrible catastrophe. Fire broke out in the barn, and when citizens reached the spot two hours later they found in the ruins the charred remains of seven human beings, distributed among the turned carcasses of the live stock. And three children, consisting of four adults and three children, had been burned to death, probably in the attempt to rescue the cattle from the burning stable.

FIRE destroyed the Los Angeles Cal. Cracker Company's block and one dwelling, causing a loss of \$65,000, with but \$10,000 insurance. John Schuler, a watchman, is supposed to have perished in the flames.

AT Laporte, Ind., in the trial of Henry Augustine for the murder of Samuel Brown, one of the jury became insane, fancying that his fellow-jurymen were going to murder him, and not improving, the Judge dismissed the jury.

FIRE at San Diego, Cal., destroyed the stores of S. G. Ingles, hardware; Charles Hamilton, groceries, agricultural implements, etc., and Frederick Hamilton, hardware, and slightly damaged other stores. The total loss was \$152,000; total insurance, \$85,000.

THE article concludes with a denunciation of Mr. Perdue's "one-sided inquiry." A new journal, the *Irish Catholic*, has a mild leader to the same effect.

EMPEROR FREDERICK was free from fever the morning of the 4th and able to rise from his bed. He is now considered out of immediate danger, and no more bulletins will be issued unless a relapse should occur.

RESIDUAL CLEVELAND sent to the Senate on Monday, the 3d ult., the name of Melville W. Fuller, of Illinois, to be Chief Justice of the United States Supreme Court. A Washington special to the Chicago Inter Ocean says:			

When the nomination reached the Senate, by a singular coincidence, Minister Phelps and Senator Gray were sitting together on one of the sofas. The nomination was immediately made the subject of general whispered conversation, and as far as could be ascertained, the comment was entirely favorable to the selection from every standpoint. Mr. Fuller's qualifications and fitness being recognized on the Republican side of the chamber, while the political wisdom of the appointment is conceded by the Democrats who opposed the selection of Minister Phelps. Mr. Fuller did not seek the office of Chief Justice or any other office from Mr. Cleveland, but he has been tendered at different times the positions of Solicitor General of the United States, member of the Civil Service Commission, and a member of the Commission of Pacific Railways, all of which he declined. It is understood that he will accept the position of Chief Justice if confirmed. Mr. Fuller is a native of Maine, and is 55 years old.

### THE SOUTHERN STATES.

AT Summerville, Ga., Henry Pops, colored, who was to have been legally executed, but who had been reprieved by the Governor, was taken from the jail and hung by a mob, regardless of the respite.

GEORGE MORTON, a miner, shot and killed a deputy marshal at Warrior, Alabama. Officers fearing mob violence, secured Morton in the caboose of a freight train, with the intention of taking him to Birmingham, but the caboose was detached and the prisoner taken out and hanged and riddled with bullets.

A CYCLOPS passed over the eastern portion of Quachita County, Arkansas. It struck John Heron's place, wrecked his house, and destroyed his fencing, but no lives were lost. The storm traveled from the southeast to the northwest, and its track was about 150 yards wide. Trees were twisted and torn from their roots and hurled about like straws. Damage is also reported at St. Blake's and other places in the neighborhood.

JOHN I. BLACK and Samuel Black, brothers, who went from Alabama nearly thirty years ago to Nevada, and had acquired a large amount of real estate in Virginia City, had a quarrel which resulted in the death of the former. Two shots were heard in a building which the brothers owned, and then Samuel Black emerged from the house with an iron wrench in his hand, went to the Sheriff's office and surrendered. His brother's body was found in the street with the front part of the skull broken and with a bullet wound. Samuel claims that he killed his brother in self-defense.

AT New Orleans, C. W. Moore, President of the "Honduras Mining Company," H. Y. Mullen, Vice President, and J. W. Quayle, its Secretary and Treasurer, were indicted by the United States Grand Jury for devising a scheme to defraud.

### THE FOREIGN BUDGET.

THE Chinese are not wanted in Australia. The Governor at Melbourne refused to allow the landing of 208 immigrants brought from Hong Kong.

MR. Loughrey, Ireland, William O'Brien, member of Parliament and editor of *United Ireland* of Dublin, was convicted and sentenced to three months' imprisonment. Mr. O'Brien was charged with violating the crimes act by advising the people in a proclaimed district to join the League. Mr. Gilhooly, member of Parliament, who was sentenced to two weeks' imprisonment for offenses under the crimes act, has been released. A large crowd greeted him on his return to the prison. In a speech Mr. Gilhooly referred to the Pope's rescript. He said the plan of campaign proposed rack-rented tenants, and he believed the Bishops and priests would deprive the people of that most potent weapon.

A DUBLIN dispatch says *United Ireland* has a violent attack on the Pope's decree. It says:

The rescript stamps Balfour's abject failure. It is the confectioner's last card. The Tories have initiated the weakest and most despicable of English monarchs, King John. They have paid tribute to Home for help in the hour of ignominious defeat, thereby buying their own death-warrant. They also hoped that the rescript would demoralize the Catholic faith in Ireland, which they hate as bitterly as they do the League. They hoped indignation and wounded self-respect would be more powerful than terror; but they will utterly fail in both nefarious projects. Ireland will take the rescript for what it is worth and nothing more.

The article concludes with a denunciation of Mr. Perdue's "one-sided inquiry." A new journal, the *Irish Catholic*, has a mild leader to the same effect.

EMPEROR FREDERICK was free from fever the morning of the 4th and able to rise from his bed. He is now considered out of immediate danger, and no more bulletins will be issued unless a relapse should occur.

### THE WORLD AT LARGE.

IT is rumored that another Cardinal's hat is soon to come from Rome to America, and that the exalted honor will be conferred upon either Archbishop Feenah, of Chicago, or Bishop Ireland, the great temperance orator of St. Paul, who has lately been created an Archbishop.

The opposition to the re-election of President Diaz in Mexico has brought out Jose Maria Iglesias as a candidate. The gentleman seems unwilling to make the race, believing that no one can be elected against Diaz.

THE Canadian Government will improve the quarantine service at Grosse Ile, in the St. Lawrence River, to prevent the introduction of cholera this season. A new fumigating apparatus, costing \$120,000, will be adopted.

THE Comptroller of the Currency has declared a sixth dividend of 5 per cent. to the creditors of the Richmond National Bank, Richmond, Ind.

The address of the Methodist bishops, read at the general conference, shows that in the past four years 450,000 souls have been brought into the church and the membership increased from 1,709,534 to 2,093,953. The bishops are opposed to high license and in favor of total prohibition of the liquor traffic.

## SEVENTH ON THE BENCH.

Melville W. Fuller Selected to Precede Over the United States Supreme Court.

An Interesting Biography of the New Head of the Federal Judiciary.

[Washington special to Chicago News.]

The appointment of Mr. Fuller to be Chief Justice was not a surprise to those who have been in the confidence of the President, for he had nearly a week ago decided to appoint him, and told a friend so. There will be no trouble about Mr. Fuller's confirmation, although the Senate will not take an unbecomingly hasty action upon the nomination. It will go first to the Committee on the Judiciary, which is composed of Messrs. Tamm, Aldrich, and Wilson of Iowa, Evans, Pugh, Coke, Vest, and George.

Mr. Fuller himself is orthodox, and for twenty years has been a vestryman of St. Mark's Church. He loves to mingle with the doctors of the church, and is never so happy as when a lay deacon meets him in the street, and he is called to the altar. He is a man of a quiet, unassuming nature, and his face is a study. He is a man of a quiet, unassuming nature, and his face is a study.
